

# Chi vs Blackie

## Super Exciting Paper Sumo!

How to play Paper Sumo: First, cut out Chi and Blackie, then fold them in half along the dotted line. Fold them to the point where they can stand up on a flat surface. Then, find a box, and draw a circle on it. Put Chi and Blackie against each other in the circle. Each person then chooses either Chi or Blackie, and taps their side of the box until the other person's character falls out of the circle.
